FOR IMMEDIATE RELEASE

## PACIFIC EMPIRE LEAGUE PROUDLY WELCOMES ITS NEWEST MEMBER: THE MARYSVILLE GIANTS

**Pacific Northwest, USA** - The Pacific Empire League is pleased to announce the official addition of the Marysville Giants as the league's newest member club.

Giants owner Ryan Larsen shared his enthusiasm for the team's next chapter, stating:

"Joining the Pacific Empire Baseball League reflects our commitment to developing elite talent, competing with integrity, and fostering a culture of growth in the community, teamwork, and excellence throughout the summer season and beyond. We are truly excited to bring even more excitement to our community, which has such a rich baseball history."

Earlier this fall, founding PEL President Natalie Norman and PEL Coach of the Year Joey Gomes visited the Giants' beautifully renovated stadium, which also serves as home to the Pioneer League's High Wheelers. During the visit, Norman presented Larsen with a custom Pacific Empire League hat crafted exclusively for the league by New Era, creators of the league's 2025 championship caps. The visit also included a warm and productive connection with the High Wheelers leadership team.

Reflecting on the partnership, Natalie Norman noted:

"The Marysville Giants are a growth-focused team, deeply embraced by their community and strengthened by their outstanding relationship with the High Wheelers organization. They are truly a winning addition to our league."

The Pacific Empire League looks forward to an unforgettable 2026 season marked by elite competition, strong community engagement, and championship-caliber baseball throughout the summer.

Welcome to the Pacific Empire League family, Marysville Giants.
